### **Big News!!! Accepting Bids for the Belle Isle Dredge!**

#### **Update:**

**Channel Restoration:** Update from Jerry Zeutzius

The city of Monona is now accepting bids for the Belle Isle Dredge. According to Dan Stephany, Director of Public Works, the City of Monona has submitted all of the permits required by the DNR and that we can expect to have public hearings regarding the dredge project in mid – late August or early September. If you are aware of any dredging companies that may be interested in a project such as this, please feel free to pass on the information. The documentation can be found at [MyMonona.com](http://MyMonona.com).

#### **Oneida Park:**

Depending on the weather, it is our understanding that Oneida Park is planned to be graded and seeded by Labor Day weekend. The dredge spoils will no longer be put in Oneida Park, so this has sped up this process.

## 2011 Street Improvements Project (Belle Isle)

Project Updates can be found at [mymonona.com](http://mymonona.com) Home>City Government>Public Services or by clicking on the following link [2011 Street Improvements \(Belle Isle\)](#)

TENTATIVE WORK SCHEDULE FOR JULY 13-26:

**Pocahontas Drive** – Sod installation to begin late the week of July 11

**Nishishin Trail, west:** Staking for curb and gutter late the week of July 11; curb and gutter installation the week of July 18

**Nishishin Trail, east:** Curb and gutter installation the week of July 25

**Neponset Trail:** Grading to begin late in the week of July 11; staking for curb and gutter late the week of July 18; curb and gutter installation the week of July 25

**Tecumseh Ave:** Staking for curb and gutter between the bridges late the week of July 11; curb and gutter installation the week of July 18

**Tecumseh Ave. north of Neponset Trail:** Grading to begin late the week of July 11

**Lift Station:** the wet well portion of the lift station is complete; pump installation, electrical installation, and control panel installation to be completed in the next few weeks.

**Oneida Park:** Storm main installation is complete in the park

The contractor will be going door-to-door handing out Sod Care letters; residents should look for the letter in their front doors. The landscaper is responsible for watering the newly-installed sod for the first 30 days.

All work is weather dependent.

Last updated July 13, 2011 (updates will be made on Wednesdays)
